**DIAGNOSIS and PATIENT OUTREACH SPECIALIST**  
**CONSULTANT - freelance, project based**  
(world health, NFP)  
**SPÉCIALISTE en DIAGNOSTIQUE et IDENTIFICATION**  
**Consultant - indépendant /e , travail par projet**  
(santé mondiale, OSBL)

*The World Federation of Hemophilia (WFH - <http://www.wfh.org>) is an international **not-for-profit** organization that provides global leadership to improve and sustain care for **people with inherited bleeding disorders**, including hemophilia, von Willebrand disease, rare factor deficiencies, and inherited platelet disorders. Established in 1963, the WFH **works with member organizations in 147 countries** as well as through a network of international volunteers and healthcare providers, to achieve our **vision of "Treatment For All"** around the world.*

---

#### THE PROJECT OPPORTUNITY -

The WFH is seeking a knowledgeable, highly motivated Specialist with demonstrable recent **experience in outreach and/or diagnosis of patients** – preferably **in the developing world**. The Outreach/Diagnosis Specialist will be responsible for **determining the key barriers to patient identification and accurate diagnosis**.

After initially understanding and evaluating all **current WFH programs** in these fields, the Specialist will **form a multi stakeholder task force** that will **publish a state-of-the-art report** on **how** persons with inherited bleeding disorders can **be identified and properly diagnosed** in the **next decade**.

Reporting to the CEO, the successful candidate is **a team player**, capable of **working collaboratively & effectively** across the WFH organization (staff, volunteer base, other stakeholders).

Type of position: part / full-time contractual (as per availability)  
Duration: fall 2021 – winter 2022 initially; then, project based  
Work base: as convenient (remote work, Montreal HQ)

**Start date: AS SOON AS POSSIBLE** (latest end **SEPT 2021**)

---

#### PRINCIPAL TASKS & RESPONSIBILITIES –

- Evaluate WFH existing programs offered cross-organizationally to identify their scope, effectiveness, overlap, gaps, and areas for improvement, in consultation with WFH staff.
- Set up & lead a multi-stakeholder task force that will evaluate main barriers to patient identification and accurate diagnosis; task force to also identify various approaches that could be used to accelerate the identification & diagnosis of persons with inherited bleeding disorders.

**DIAGNOSIS & PATIENT OUTREACH SPECIALIST**  
. CONTRACTUAL (initial project, fall 2021 – winter 2022)

---

- Publish the recommendations in a recognized hemophilia journal
- With the support of the task force, generate, evaluate, and prioritize new ideas that could be implemented by the WFH or by a new multi stake alliance - ex., include supporting a new Point of Care device, strengthening WFH regional diagnostic hubs (worldwide), focused awareness-raising campaigns, other.

Carry out any other task relevant to the position as required by the CEO.

---

**ESSENTIAL FOR THE ROLE -**

- University degree (preferably Master level) in public health, life/health sciences, laboratory field, communications, and/or related sectors
- Six to nine (6-9) years minimum of relevant work experience in international development and/or healthcare community
- Minimum five (5) years proven experience working in related fields – EX., diagnosis labs, preferably in an emerging market; or recent leadership of an awareness campaign related to public health
- Experience in project management, coordination; also leadership of volunteer task forces
- Experience working with a global audience; ability to work and communicate effectively in a cross-cultural environment
- Collaborative with others, works well with staff teams, international volunteers, external stakeholders
- Able to communicate orally in English, read, and produce documents in same (essential to daily WFH international work); working knowledge of French, Spanish, and/or other international language(s) - asset
- High computer proficiency, with excellent knowledge of Microsoft Word for text design, Survey Monkey for data collection and analysis; Excel, PowerPoint
- Availability & flexibility to undertake occasional international travel if needed (post Covid-19 restrictions)

Compensation will be commensurate with background and experience.

---

Please send IMMEDIATELY an **ENGLISH** resume & **COVER LETTER (essential)** to:
